**U.S. News & World Report Names San Antonio Regional Hospital  
Among Best Hospitals 2023-2024 as High Performing  
*San Antonio was recognized for 3 procedures and/or conditions.***

**(UPLAND, Ca) – August 1, 2023** – San Antonio Regional Hospital has been named by U.S. News & World Report to its 2023-2024 [Best Hospitals](#) as a High Performing hospital for Heart Failure, Kidney Failure, and for the second consecutive year, Stroke Care. This is the highest distinction a hospital can earn for U.S. News’ Best Hospitals Procedures & Conditions ratings.

The annual Procedures & Conditions ratings are designed to assist patients and their doctors in making informed decisions about where to receive care for challenging health conditions or elective procedures.

“The annual U.S. News & World Report Best Hospital ratings are a highly regarded resource for patients,” commented John Chapman, President & CEO of San Antonio Regional Hospital. “To be rated by U.S. News & World Report as High Performing in three conditions is a prestigious endorsement. Our ongoing commitment to evidence-based care, clinical excellence, and the dedicated work of our physician and nursing teams ensures patients here in the Inland Empire can receive the outstanding treatment they deserve.”

U.S. News evaluated more than 4,500 hospitals across 15 specialties and 21 procedures and conditions. Hospitals awarded a “Best” designation excelled at factors such as clinical outcomes, level of nursing care and patient experience.

“For 34 years, U.S. News has provided data-informed rankings to help patients and their doctors find the best hospital to treat their illness or condition,” said Ben Harder, chief of health analysis and managing editor at U.S. News. “Fewer than half of evaluated hospitals earned any High Performing rating. Hospitals that are High Performing have excelled in providing high quality care in specific procedures and/or conditions.”
