SAN ANTONIO HOSPITAL FOUNDATION

SAN ANTONIO HOSPITAL FOUNDATION

#### Welcome to the 2023 Fall Celebration, Fall for a Midsummer Night's Dream.

On behalf of the Foundation Board of Directors and Foundation staff, thank you for your support of San Antonio Regional Hospital and the campaign to build a new maternity unit. By attending the Fall Celebration this evening, you demonstrate your support of our mission to improve the health and well-being of the people we serve.

Growth and expansion continued over the last year as our Ontario Urgent Care opened, providing accessible, local healthcare to the community of Ontario. A beautiful locker room for female physicians was completed, and the Care4U clinic opened, helping patients that may not have access to a primary care physician, transition successfully to their home after a hospital stay. It's no secret that as a stand-alone hospital we face unique challenges, but those challenges did not deter our compassionate and committed Care Team members from meeting head-on the healthcare needs of the nearly one million community members in the west end of the Inland Empire.

Looking ahead, construction of a 24-bed observation unit is nearing completion which will increase bed capacity in an effort to ease emergency room volume. An outpatient pharmacy will open in Citrus Tower at the end of the year, providing patients with an initial supply of medications upon discharge from the hospital. A new durable medical equipment closet has been created that allows patients to leave the hospital with needed equipment such as walkers, canes and oxygen. We are able to build and grow in part due to the generosity of our community members and business leaders – like you.

Funds raised from the Fall Celebration this evening will support the build of a new maternity unit within San Antonio Regional Hospital. We look forward to a modern unit with individual rooms, outdoor space to connect with nature and many more modern amenities.

We are humbled by the charitable legacy established by Frances Mary Paul in the early 1920s. This same legacy inspires our culture and tradition of philanthropy for San Antonio Regional Hospital today. We are happy to be able to gather as friends, host you for this Fall Celebration and grateful for your support.

Stay healthy and well!

Sincerely,

all Stoddard
