Thursday, January 9th
12:15 pm
Presentation via Zoom

“HIATAL HERNIA REPAIR”

Ninh T. Nguyen, M.D. – Chief, Division of Gastrointestinal Surgery, Professor of Surgery, Step XIII, University of California, Irvine Medical Center, Orange, CA

This activity will encompass the following Desirable Physician Attributes: Patient Care & Procedural Skills, Medical Knowledge, Professionalism, Practice-Based Learning & Improvement, and Systems-Based Practice.

Desired Outcomes:

At the conclusion of this activity, participants will be able to:

- ❖ Follow best practice and consider recent studies when diagnosing, treating, and managing hiatal hernia
- ❖ Cite the anatomical subtypes of hiatal hernia
- ❖ Differentiate between surgical and non-surgical candidates
- ❖ Counsel patients on risks, complications, benefits, and outcomes of various hiatal hernia treatment
- ❖ Consider comorbidities of at-risk patient groups and counsel appropriately
- ❖ Reflect on the patient populations most affected by hiatal hernias and consider how implicit bias may impact appropriate care of these patients

1.0 ABIM MOC Credit &
1.0 ABS MOC Credit Offered

The presentational methods for this activity are Case Presentation with Learner Participation and Lecture with Q&A. The activity content is geared toward Primary Care Physicians, Internal Medicine Physicians, Gastroenterologists, and Cardiothoracic surgeons, but all physician specialties are welcome to attend.

Thursday, January 23rd
12:15 pm
Presentation via Zoom
