

# SAN ANTONIO REGIONAL HOSPITAL

~ February 2025 CME Presentations ~

Thursday, February 13<sup>th</sup>  
12:15 pm  
Presentation via Zoom

This activity will encompass the following Desirable Physician Attributes: Patient Care & Procedural Skills, Medical Knowledge, Professionalism, and Practice-Based Learning & Improvement.

1.0 ABIM MOC Credit &  
1.0 ABPath MOC Credit Offered

## “CARDIOVASCULAR MEDICATION AND GUIDELINES UPDATE”

**Samir Samarany, M.D., FACC** – Non-Invasive Cardiologist, Private Practice, Upland, CA; On-Staff at San Antonio Regional Hospital, Upland, CA

### Desired Outcomes:

At the conclusion of this activity, participants will be able to:

- ❖ Follow current guidelines on prevention and treatment of a wide spectrum of cardiovascular diseases
- ❖ Incorporate new and current cardiac treatments, including new medications, into clinical practice
- ❖ Determine which treatment options are best for patients
- ❖ Consider age, ethnicity, and presentation when assessing a patient’s risk developing heart disease, as well as how culture may impact screening
- ❖ Reflect on the patient populations most affected by heart disease and consider how implicit bias may impact appropriate care of these patients

The presentational methods for this activity are Case Presentation with Learner Participation, and Lecture with Q&A. The activity content is geared toward Cardiologists, Primary Care Physicians, Internal Medicine Physicians, and Emergency Department Physicians, but all physician specialties are welcome to attend.

Thursday, February 27<sup>th</sup>  
12:15 pm  
Presentation via Zoom

This activity will encompass the following Desirable Physician Attributes: Patient Care & Procedural Skills, Medical Knowledge, Professionalism, and Practice-Based Learning & Improvement.

1.0 ABIM MOC Credit &  
1.0 ABPath MOC Credit Offered

## “ENDOCRINE MEDICATION AND GUIDELINES UPDATE”

**John A. Tayek, M.S., M.D., FAC** – Professor-In-Residence, Division of General Internal Medicine, Department of Medicine, Harbor-UCLA Medical Center, David Geffen School of Medicine at UCLA

### Desired Outcomes:

At the conclusion of this activity, participants will be able to:

- ❖ Describe current treatment guidelines of a wide spectrum of endocrine diseases
- ❖ Incorporate new and current endocrine treatments, including new medications, into clinical practice
- ❖ Determine which treatment options are best for patients
- ❖ Consider age, gender, and ethnic groups with higher incidence of endocrine disorders, as well as comorbidities that increase risk, and evaluate accordingly
- ❖ Reflect on the patient populations most affected by endocrine disorders and consider how implicit bias may impact appropriate care of these patients

The presentational methods for this activity are Case Presentation with Learner Participation and Lecture with Q&A. The activity content is geared toward Endocrinologists, Primary Care Physicians, Internal Medicine Physicians, and Family Practice Physicians, but all physician specialties are welcome to attend.
