

SAN ANTONIO REGIONAL HOSPITAL

~ March 2025 CME Presentations ~

Thursday, March 13th
12:15 pm
Presentation via Zoom

“PITUITARY TUMORS AND DYSFUNCTION”

Bashar G. Saad, M.D. – *Specializing in Internal Medicine and Endocrinology, On Staff at San Antonio Regional Hospital, Upland, CA*

This activity will encompass the following Desirable Physician Attributes: Patient Care & Procedural Skills, Medical Knowledge, Professionalism, and Practice-Based Learning & Improvement.

Desired Outcomes:

At the conclusion of this activity, participants will be able to:

- ❖ Recognize and explain pituitary incidentaloma
- ❖ Identify the subtleties of sellar and parasellar masses radiographically
- ❖ Diagnose pituitary dysfunction in patients with sellar and parasellar masses
- ❖ Assess the long-term risks of dopamine agonist therapy for prolactinomas and when to withdraw therapy
- ❖ Consider at-risk groups and navigate the challenges those patients face when providing care and determining a care plan
- ❖ Reflect on the patient populations most affected by pituitary tumors and dysfunction and consider how implicit bias may impact appropriate care of these patients

The presentational methods for this activity are Case Presentation with Learner Participation and Lecture with Q&A. The activity content is geared toward Neurologists, Neurosurgeons, and Neuroradiologists, but all physician specialties are welcome to attend.

1.0 ABA MOC Credit &
1.0 ABIM MOC Credit Offered

Thursday, March 27th
12:15 pm
Presentation via Zoom

“UNDIAGNOSED SCHIZOPHRENIA AND SUICIDAL TENDENCIES IN YOUNG MEN”

Mariya Borodyanskaya, D.O. – *Clinical Assistant Professor, Department of Child & Adolescent Psychiatry, Stanford University School of Medicine, Stanford, CA*

This activity will encompass the following Desirable Physician Attributes: Patient Care & Procedural Skills, Medical Knowledge, Professionalism, Practice-Based Learning & Improvement, and Systems-Based Practice.

Desired Outcomes:

At the conclusion of this activity, participants will be able to:

- ❖ Identify the epidemiology, pathophysiology, and risk factors of psychiatric disorders in our young male patient population
- ❖ Evaluate signs of pre-existing psychiatric disorders such as a history of schizophrenia and suicidal ideation
- ❖ Employ appropriate interventions and treatment approaches to assist at-risk patients
- ❖ Refer patients appropriately and timely
- ❖ Consider how cultural aspects may affect prevalence, diagnosis, treatment plans, etc. and navigate these issues effectively, as well as provide available resources
- ❖ Reflect on the patient populations most affected and consider how implicit bias may impact appropriate care of these patients

The presentational methods for this activity are Case Presentation with Learner Participation and Lecture with Q&A. The activity content is geared toward Primary Care, Internal Medicine, and Emergency Department Physicians, but all physician specialties are welcome to attend.

1.0 ABIM MOC Credit Offered

This activity fulfills 1.5 hours of Geriatric credit, as outlined in AB1820.	1.0 AMA PRA Category 1 Credit™ and 1.0 Geriatric Credit	2.0 AMA PRA Category 1 Credits™

San Antonio Regional Hospital is accredited by the California Medical Association (CMA) to provide continuing medical education for physicians.

San Antonio Regional Hospital designates each live activity for a maximum of 1.0 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This activity contributes to the CME component of the American Board of Anesthesiology’s redesigned Maintenance of Certification in Anesthesiology™ (MOCA®) program, known as MOCA 2.0®. Please consult the ABA website, www.theABA.org, for a list of all MOCA 2.0 requirements.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 1.0 Medical Knowledge MOC points in the American Board of Internal Medicine’s (ABIM) Maintenance of Certification (MOC) program. It is the CME activity provider’s responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

In accordance with the Americans with Disabilities Act (ADA), please call the Medical Staff Office at (909) 920-4945 should you require special assistance.
