## **Dear San Antonio Regional Hospital Physicians and Healthcare Providers,**

This holiday season is a wonderful time of the year when we celebrate family, friends and colleagues and bring the joy of giving gifts. I wish you a holiday with joy, love and laughter.

Our physicians gathered for the recent Christmas dinner, enjoying great food, wonderful saxophone sounds and having fun singing karaoke. The event was smaller than past years but turned out to be quite memorable. Dr. William S. Baek (Neurology) shared his beautiful music; singing emotional and therapeutic songs from his albums. His songs are inspired by his clinical experience and have been well received by patients for comfort and healing. You can find him on Spotify and Amazon.

The evening concluded with beautiful voices from the newly established SARH BTS band composed of Glenn Perez (Peds) and Warren Gabrillo (FP) who not only sang moving songs such as “Sway” (Michael Bublé) but also provided back up singing to Dr. Jan Tepper’s “Ain’t Too Proud To Beg” as well as back up dancers while Dr. Deborshi Roy (ENT) belted out “Hard To Handle.” Dr. Samir Samarany shortly stole the show with the memorable lyrics of “Zombie” (The Cranberries) and most of us sang together “Feliz Navidad.” The BTS band won gift certificates for being the best band of the evening and Dr. Roy won gift certificates for being the best singer as well as having the most sparkly jacket of the evening. Everyone enjoyed karaoke so much that I think we will be having it at quarterly medical staff meetings. So practice your singing, take voice lessons or do whatever you must, as the fun will continue!

Administration and the Board appreciate the support our medical staff has given the Hospital over the years. Our support has been in many forms including patient referral, working at the hospital and financial donations. In the early 80s when a physician’s dining room was badly needed, the medical staff contributed a large sum to get the room built. Likewise, the surgeon’s lounge was supported with physician donations. It is with honor for me to announce that our pediatrician Dr. Daksha Jain and her husband Sudhir Kapadia recently donated a \$1 million gift to the Foundation. A grateful patient of Dr. Christopher Tsai appreciated the care and treatment he received and donated \$1million, which was then matched by an anonymous donor for a total donation of \$2 million to the Foundation.

It is with this elated feeling that we would like to appreciate our physicians and providers with a small gift. Please stop by the Medical Staff office for your surprise Holiday gift.

It has been an honor to serve as your President of the Medical Staff for the past year. Please extend your support to our incoming President, Dr. Dennis Trigueros. I am certain we will be in good hands. Be sure to contact me should you need any assistance.

Sincerely,  
*David Dang, MD*  
*Medical Staff President*
