FOR IMMEDIATE RELEASE

MIDSUMMER’S NIGHT DREAM RAISES \$249,000 FOR HOSPITAL’S NEW MATERNITY UNIT

UPLAND, CA, October 4, 2023 – San Antonio Hospital Foundation hosted their Fall Celebration - *A Midsummer’s Night Dream* – on Saturday, September 23 at Bridges Auditorium in Claremont. The event truly was a dream as a sold-out crowd of over 200 guests enjoyed a beautiful night of dinner and dancing under the stars.

Evening highlights included an update from John Chapman, President & CEO of San Antonio Regional Hospital on progress of the new maternity unit as well as the hospital’s plans for a Center of Aging in Rancho Cucamonga. A silent auction sparked a bidding frenzy with a Barbados resort getaway as one of the most coveted auction items.

The event was an outstanding success, netting \$249,000 in donations from community members and business sponsors. The funds are earmarked for a new maternity wing on the campus of San Antonio Regional Hospital in Upland. The new maternity unit will be designed with modern, high-tech birthing services in a beautiful atmosphere.

“While it was an amazing night, the contributions from our dedicated donors are what continue to amaze me,” commented Michelle Stoddard, President of San Antonio Hospital Foundation. “Their generosity and ongoing loyalty to San Antonio and its patients is truly inspiring.”

San Antonio Hospital Foundation is the fundraising arm of San Antonio Regional Hospital. Through the years, the Foundation has contributed millions of dollars in support of new and enhanced patient services and technology for the hospital, providing the very best in healthcare for those in our community.

About San Antonio Regional Hospital

[San Antonio Regional Hospital](#) in Upland, California is a 363-bed, nonprofit, acute care hospital that combines excellent clinical care with exceptional compassion. The award-winning hospital offers a comprehensive range of general medical and surgical services, along with the latest technological advances in cardiac care, cancer care, orthopedics, neurosciences, women’s health, maternity and neonatal care, and emergency services. Founded in 1907, with only 18 beds and 5 physicians, San Antonio Regional Hospital is continually growing with its community and is now recognized as a premier regional medical facility with satellite locations across the rapidly expanding Inland Empire. Given its broad geographic reach and the

depth and breadth of its services and programs, supported by the latest medical science and technology, San Antonio is a hospital of the future, offering state-of-the-art healthcare services in a healing environment focused on the patient and family.
